Ybbstaler Fruit Austria GmbH

Kröllendorf 45
A-3365 Allhartsberg
Austria

We confirm that we have inspected the Quality-Selfcontrolsystem established by the above mentioned company, which includes a HACCP-system (Hazard Analysis and Critical Control Points, in the sense of FAO/WHO Codex Alimentarius ALINORM 13) according to the foodstuff hygienic regulations.

The step by step implementation of the system in the company started in autumn 1999. On November, 6th 2008 we made an inspection in the factory to check the status of the development of the system.

We confirm that the seen **Quality-Selfcontrolsystem** is now implemented and working corresponding to the requirements of the foodstuff hygienic regulations.
